(8 days, 7 nights)  
Cost \$1695  
\$1645 (Sr. 65+ rate)

At last! Come and enjoy true Ski-In/Ski-Out lodging at Mammoth Mountain in Mammoth Lakes, California. Mammoth Mountain is a dormant volcano that has over 3500 skiable acres, with an 8000 foot base elevation and 3100 feet of vertical drop. There's plenty of terrain for every skier ability (25% novice/40% int/35% adv & exp). And the snow is "Mammoth" as well, with an average annual snowfall of 400 inches – Mammoth was open for ski business 243 days last year! Nestled in the Sierra Nevada Mountains, Mammoth boasts 82% sunny days, providing incomparable views of the Minarets and Yosemite National Park.

We will be staying in the Juniper Springs 2BR/2BA condominiums conveniently located at the base of the slopes. They host 2 heated pools and 6 hot tubs. The condos are a short shuttle ride to the Village at Mammoth, where you will find plenty of dining and shopping options.

The package includes a 5 out of 7-day lift ticket. For a \$25 transportation fee, you can use your ticket at nearby June Mountain in June Lake, called by some a "magnificent hidden gem." Side activities to consider for your non-ski days: snowmobile adventures, snow cat tours, XC skiing, snowshoeing. Ask your Trip Leader about the \$100 Resort Bucks special.

We will fly into Reno then travel by motor coach to Mammoth  
Depart: O'Hare American 11:30am, arrive Reno 3:21pm (1 stop)  
Return: American 12:35pm, arrive O'Hare 8:57pm (1 stop)
