No way! Jackson is too scary for me! WRONG! Sure, Jackson has a reputation for providing a lot of steep, expert terrain, and it does have that. But the resort has added intermediate and groomer territory over the past 5 years - it now rates 10% novice, 40% int, 50% adv/exp. So it's time to check it out. Or check it out again! If for no other reason than this: Rated 99 out of 100 in PAF ("Pure Awesomeness Factor") by Zrankings.com. Jackson Hole receives annual snowfall amounts that have remained consistently high throughout all of the recent years of crazy weather patterns.

We will be staying in town at the 49er Inn & Suites. This is a hotel-style accommodation that has been completely remodeled! Included is an indoor pool and hot tub, outdoor hot tub, and fitness room. They provide a free shuttle to the mountain for your day on the slopes. A complimentary daily continental breakfast is included.

Being in town, you will have access to loads of restaurants and hot spots. Non-ski options include 4-hour wildlife tours into Grand Teton National Park, snowmobile touring to Yellowstone (Old Faithful), a Jackson food tour, museums and galleries.

Fly direct into Jackson, then shuttle 30 minutes to town Depart: O'Hare United 9:17am, arrive Jackson 11:31am
Return: United 12:15pm, arrive O'Hare 4:27pm
