

Kicking Horse/Revelstoke, BC

Hard to Get to, Harder to Leave!

OK, Let's try this again!!! Don't miss this chance to earn another notch (or 2) on the ski pole with this unique trip – ELEVEN years in the making. Revelstoke was founded in the 1880s when the Canadian Pacific Railway was built through the area; mining was an important early industry. The name was originally Farwell, after a local landowner and surveyor.

Considered one of Canada's best winter playgrounds, nestled in B.C.'s Kootenay Rockies region, 'Stoke' is a treasured spot for snow-seekers. Surrounded by dramatic mountain peaks, the ranges serve up untouched terrain, perfect for backcountry pursuits like skiing, snowshoeing, and snowmobiling. Revelstoke,

with 5,620 vertical feet (most in North America), over 3,000 skiable acres, and a flatlander base altitude of 1,680 ft is sure to please. (12/43/45% green/blue/black). We are staying at the Sutton Place Hotel in two-bedroom suites, ski in/ski out.

But wait there's more! This Canadian two-fer also includes 2 days at Kicking Horse (20/20/60% green/blue/black) which features over 120 trails across 2800 acres of skiable terrain and a 4,100 foot vertical drop, currently the sixth largest of any North American ski resort. We are staying at the Glacier Mountaineer Lodge in one-bedroom suites convenient for walking to the lift!

In addition, on this unique "tour" you can enjoy activities like dog sledding, heli-skiing, cat-skiing, cross country and snowmobile tours. We fly into Calgary, ski 2 days at Kicking Horse and then transfer by bus to Revelstoke Monday evening, to enjoy 4 more days of skiing at Revelstoke. We fly home out of Kelowna.

Dates: 1/15/22 - 1/22/22

6-day lift ticket included

Cost: \$2,035 (thru 8/8/21)

\$2,085 (after 8/8/21)
