

# MAMMOTH, CALIFORNIA

CMSC Chicago Week 2023

Crank up the fun! Join 15+ clubs from the Chicago area for a party packed week in beautiful Mammoth, California. Your ticket to this week includes: Welcome reception, Mountain lunch, races, pub crawls, Après ski parties, dinner banquet reception, and so much more. Piccadilly has skied here before, and left with the impression that there is still so much more to ski and do! Mammoth Mountain is unquestionably one of the finest Alpine Skiing Mountains in the world. Choose from heart-pumping steep chutes, open bowls, tree skiing, bumps, gullies, or wide open, well-groomed trails.

Constantly upping the bar, the Unbound Parks have made it a point to keep features new every season. Plus, at 11,053 feet, Mammoth boasts the highest summit of any California resort, making for deeper, better snow, and beautiful vistas. Mammoth lives up to its name! With 3,500 skiable acres, an average of 400 inches of snowfall, 300 days of sunshine per year, and a season that typically stretches from November to June, Mammoth delivers big snow on the slopes for everyone from first timers to Olympians.

Piccadilly is staying at the Alpenhof Lodge in Mammoth Village. This hotel is only 250 feet from the Mammoth Village Gondola, and located on the town shuttle route, making our stay super accessible to all the fun. Your trip includes airfare, ground transfers, lift tickets and lodging, plus an entire week of scheduled and pop-up events. If you've never been to a CMCS Chicago Week, you're missing out – sign up now. Mammoth is on the IKON pass.
