

# Whistler Blackcomb, British Columbia

A Canadian BOGO!!

Whistler Blackcomb is one of the largest and consistently ranked as one of THE top ski resorts in North America. Piccadilly hasn't been there since 2016 (Your Trip Leader was going to go in 1998, but something else happened that year, ask Dawn)!! Whistler opened in 1966, Blackcomb in 1980, they merged in 2003, and Vail bought them in 2016. On this awesome Piccadilly trip, you get 2 ski areas for the price of one – BOGO!!

Whistler Blackcomb, boasting a combined whopping 8,171 acres, is located on the northwestern edge of Garibaldi Provincial Park in the incredibly scenic Fitzsimmons Range of the Coast Mountains. The combined area has the greatest uphill lift capacity in North America. The 37 lifts (including a Peak 2 Gondola) serve 241 trails, nestled in 16 alpine bowls, and 3 glaciers, with something for everyone: 20% Beginner, 35% Intermediate, and 45% Advanced. There are even 3 terrain parks for you knuckle draggers!! The best part is the moderate elevation, ranging from a most agreeable 2,214 feet to an eminently breathable 7,497 feet. Move over Mammoth, as Whistler Blackcomb averages 408 inches (34 feet) of snow each year!

Your trip includes RT air from O'Hare to Vancouver, bus transfer (with grocery stop) up to Whistler along the scenic Howe Sound, 7 nights lodging at the Delta Hotels Whistler Village Suites (2-bedroom suites, with full kitchens), the World-Famous and always eventful "Nail Soup" party and loads of Piccadilly-sized fun!
